FACADE

Founded in 2024, **Ovela Decor** is a dedicated manufacturer of high-quality PVC soffit panels and vinyl siding panels for both interior and exterior use. Our manufacturing facility, located near Rajkot, Gujarat, is equipped with advanced technology to ensure precision and efficiency in every product we create.

At Ovela Decor, quality is at the core of everything we do. We are committed to using premium-grade raw materials and implementing strict quality control processes at every stage of production. Our goal is to deliver products that are not only visually appealing but also durable, weather-resistant, and easy to install.

Driven by innovation and customer satisfaction, we strive to set new standards in the siding and soffit industry ensuring our clients receive reliable and lasting solutions they can trust.

Lead-Free PVC Soffit Panel

At Ovela Decor, we craft premium PVC Soffit Panels that combine modern design with exceptional durability. Engineered to enhance both residential and commercial structures, our soffit panels deliver superior ventilation while offering a sleek, clean finish that elevates exterior aesthetics.

Manufactured using high-grade PVC material, our soffit panels are built to withstand varying climates, ensuring resistance against moisture, rot, and decay. Lightweight and low-maintenance, they provide long-lasting performance, color stability, and UV protection—making them the perfect choice for a polished and enduring exterior look.
